PROFESSIONAL SUMMARY

Results-oriented Information Technology graduate from Kumi University with practical experience in software engineering, mobile application development, web development, networking, and IT support. Experienced in developing real-world applications using Flutter, Python, PHP, and Django. Strong understanding of Software Development Life Cycle (SDLC), database systems, and modern software engineering practices. Passionate about leveraging technology and artificial intelligence to solve real-world problems and improve organizational efficiency.

EDUCATION

Kumi University

Bachelor of Science in Information Technology

2023 – 2026

Relevant Coursework:

- Software Engineering
- Database Systems
- Computer Networks
- Systems Analysis and Design
- Information Systems
- Cybersecurity
- Mobile Application Development

Metu Secondary School

Uganda Advanced Certificate of Education (UACE)

Combination:

- Physics
- Chemistry
- Mathematics (PCM)

Ebenezer Baptist Secondary School

Uganda Certificate of Education (UCE)

PROFESSIONAL EXPERIENCE

Software Development Intern

Hansu Mobile and Technology Innovation

January 2025 – March 2025

- Participated in the complete Software Development Life Cycle (SDLC).
- Worked on real-world software development projects under professional supervision.
- Specialized in mobile application development and became proficient in Flutter development.
- Collaborated with software engineers to design, develop, test, and maintain software solutions.
- Gained practical experience in software architecture, debugging, version control, and deployment processes.
- Applied industry-standard software engineering practices to project implementation.

TECHNICAL SKILLS

Programming Languages

- Python
- PHP
- JavaScript
- SQL
- Dart
- HTML5
- CSS3

Frameworks & Technologies

- Flutter
- Django

- TensorFlow Lite
- REST APIs
- Git & GitHub

Database Technologies

- MySQL
- SQLite

IT & Networking

- Computer Maintenance
- Network Troubleshooting
- LAN Configuration
- System Administration
- IT Support

Tools

- Visual Studio Code
- GitHub
- Figma
- Microsoft Office Suite

PROJECTS

Soil Analysis Mobile Application (Final Year Project)

Technologies: Flutter, TensorFlow Lite

- Developed an AI-powered mobile application for soil analysis.
- Integrated machine learning capabilities using TensorFlow Lite.
- Designed to assist users in making informed agricultural decisions through intelligent soil assessment.

Kumi University Clinic Management System

Technologies: Python, Django, MySQL

- Served as a key development team member.
- Contributed to building a digital solution for managing day-to-day clinic operations.
- Assisted in system design, implementation, and testing.

Kumi University Mobile Application

Technologies: Flutter, API Integration

- Developed a mobile application intended to improve access to university services and information.
- Participated in UI/UX design and system development.
- Currently awaiting deployment.

Football Management Application

Technologies: Flutter, PHP, MySQL

- Developed a football management system for organizing teams, fixtures, player records, and statistics.
- Implemented efficient data management and reporting features.

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

- Designed and developed a personal portfolio website to showcase technical skills, projects, and professional achievements.
- Integrated responsive design principles for cross-device compatibility.

CERTIFICATIONS

Cisco Basic Networking Certification

- Fundamental networking concepts
- Network configuration
- Network troubleshooting
- Communication protocols

CORE COMPETENCIES

- Mobile Application Development
- Full Stack Development
- Software Engineering
- Artificial Intelligence Integration
- Database Design
- Web Development

- Networking
- Problem Solving
- Team Collaboration
- Technical Support
- System Analysis and Design

CAREER OBJECTIVE

To contribute my software development, mobile application development, and information technology skills to an innovative organization while continuously growing as a technology professional and delivering impactful digital solutions.
